Three Cups of Horse Milk: More Stories From Central Asia

A riveting retelling of my two years in Kyrgyzstan with the Peace Corps, teaching English, eating things you never thought possible and attempting to maintain a healthy outlook on life despite being, at the end of the day, fairly unhealthy. I'll cover topics including the pronunciation of "Kyrgyzstan," the best way to boil a whole sheep and some thoughts on leaving the White Mountains behind—at least for a little while. All of that and more! But with substantially less controversy than comes with Greg Mortenson (he of “Three Cups of Tea” fame).
