

**Saturday, January 25, 2003 O H Winter Reunion**

**Four Points Sheraton 420 Totten Pond Road, Waltham, MA**

**OH** Meghan "Fred" Prentiss provides a glimpse of life at the bottom of the earth through a slide presentation. Her talk will touch on Antarctic history, science at South Pole and the logistics of daily life at 100° below.

Meghan spent a year at South Pole Station in 2001 working as a meteorologist for Raytheon Polar Services Co. She received her weather training while at the Mt. Washington Observatory in 1999 and gained plenty of communal living experience working in the huts from 1993 - 1998. Meghan spent her off-seasons from the huts at Brown University and is planning on a graduate Physician Assistant degree. She hales from Norwell, MA, but recently joined the thriving OH population in Portland, ME.
